

Copper Works, Inc. is a full-service custom metal fabrication, roofing, and gutter company, serving Charlotte and the surrounding areas since 2005.

Copper Works, Inc. specializes in metal fabrication and flashing details. We install all types of roofing to include TPO, EPDM, standing seam metal, slate and tile. Our shop houses a standing seam panel machine, 3 gutter machines, and various sheet metal brakes.

We are currently accepting applications for metal fabricators, roofing and gutter technicians, and an assistant project manager.

Get hands on experience with a company that puts quality craftsmanship, attention to detail, and good customer service as a top priority.

The successful candidate must display:

Excellent workmanship

Maturity

Dependability

Ability to follow instructions

Preferably 2 years of related experience

(Entry level training is available for the right candidate)

Leadership background is a plus

At least 18 years of age

Valid NC Driver's License and clean driving record

Ability to pass a drug screening

No prior felony convictions
